

# 100W module solar street light

## Overview

---

What are solar-powered street lights?

This series of solar-powered solar panel lights use a huge LED module, which increases the quantity of lamp beads for each LED module. Compared to conventional solar street lights, our enlarged solar-powered outdoor street lights can effectively increase the brightness by 10-20%. Mainstream integrated structure design, saving transportation costs.

What is a 100W solar LED street light used for?

Our 100W all in one solar LED street light is widely used in street lighting, sidewalk lighting, roadway lighting, fence lighting, pathway lighting, campus lighting, park lighting, garden lighting, ramp lighting, boat dock lighting, remote area lighting, farm & ranch lighting, etc. Our all in one solar LED street lights are very easy to install.

What are an-SLZ solar street lights?

AN-SLZ series all-in-one solar street lights are Anern's latest patented integrated led solar street lights. This series of solar-powered solar panel lights use a huge LED module, which increases the quantity of lamp beads for each LED module.

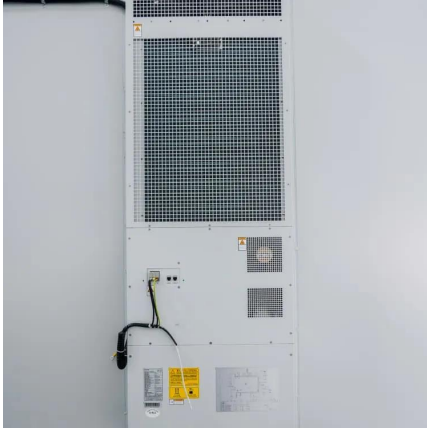

What is anern 100 watt solar street light?

Anern 100W solar street light is an energy-efficient and eco-friendly lighting solution designed for outdoor use. This 100 watt solar street light harnesses solar energy through high-efficiency photovoltaic panels, converting sunlight into electricity to power its high-lumen LED lights.

## 100W module solar street light
