

15kW Western European Folding Container for Bridge Construction

Overview

Can Ela container deliver a building site container?

ELA Container can deliver the necessary building site containers straight to your construction site at short notice with its own vehicle fleet, including assembly and handover only when they are ready for use. Are you interested in renting or buying a building site container?

We're happy to help!.

How can Ela container help your construction site?

Be it short, medium or long term, renting or buying, individual containers or container systems. ELA Container can deliver the necessary building site containers straight to your construction site at short notice with its own vehicle fleet, including assembly and handover only when they are ready for use.

Why should you choose a 3m wide storage container?

Profit from the practical applications of our ELA storage, accommodation and sanitary containers on your construction site. You can choose between 2.5 m and 3 m wide containers. Not only does the 3m wide container have a better ambiance and 3 m² more space, but it also has potential savings of up to 25%.
