

350kW Folding Container for Construction Sites

Overview

Can Ela container deliver a building site container?

ELA Container can deliver the necessary building site containers straight to your construction site at short notice with its own vehicle fleet, including assembly and handover only when they are ready for use. Are you interested in renting or buying a building site container?

We're happy to help!.

What is a herocont container?

Herocont containers are suitable for all worldwide climatic conditions, and shipped worldwide in short time. All furniture and equipment such as offices, dormitories, and dining halls for the container you need in mining, oil, energy, housing, hospitals, power plants and many other construction sites are at Herocont on a turnkey basis!.

What are the different types of container models?

Container models vary depending on the size and needs of the construction site. Additionally, these containers can be used as dining hall containers, dormitory containers, office containers and social area containers on construction sites.

What are construction containers used for?

These type of containers, which are used as work offices, dormitories, dining halls, kitchens and security sites in energy, mining, oil, housing and many other construction sites, offer a fast and practical solution to construction companies.
