

3m 100W solar street light

Overview

What is anern 100 watt solar street light?

Anern 100W solar street light is an energy-efficient and eco-friendly lighting solution designed for outdoor use. This 100 watt solar street light harnesses solar energy through high-efficiency photovoltaic panels, converting sunlight into electricity to power its high-lumen LED lights.

How many lumens does a 100 watt solar street light provide?

S2 Series 100 watt solar powered street light provides 12000LM and 15000lm system lumens optional since the best quality LEDs are being applied. High brightness will definitely increase visibility and reduce the risk of accidents in the public areas at night.

What is Luxman S2 series 100W LED street light?

LUXMAN S2 series 100W LED solar street light is designed for high way & airport lighting solutions. S2 Series 100 watt solar powered street light provides 12000LM and 15000lm system lumens optional since the best quality LEDs are being applied.

What is a 100W street light?

Ideal for streets, parking lots, pathways, and public spaces, the 100W street light features a robust design with weather-resistant materials, ensuring durability and long-lasting performance. It typically includes a built-in battery for energy storage, allowing it to provide consistent illumination even during cloudy days or nighttime.
