

Aarhus Outdoor Mobile Energy Storage Power Plant in Denmark

Overview

Will Aarhus' first geothermal heating plant be built in Skejby?

The councillor, CEO of Kredsløb and Project Director of Innargi kneeled to lay the foundation stone for Aarhus' first geothermal heating plant in Skejby. The plant will transfer heat from the geothermal reservoir to the district heating network.

When will a geothermal project start in Aarhus?

The first exploration well was drilled at the Port of Aarhus in 2023. The first of three geothermal facilities will be located in Skejby and deliver the first heat in 2025. The planned collected capacity of the geothermal heating plants in Aarhus is 110MW, equalling 20% of Aarhus' district heating demand.

How many geothermal plants are there in Aarhus?

The planned collected capacity of the geothermal heating plants in Aarhus is 110MW, equalling 20% of Aarhus' district heating demand. If everything goes to plan, the three geothermal facilities are to be completed in 2029 with an expected operation of at least 30 years. The annual CO2 emissions are expected to be reduced by up to 165,000 tonnes.

Aarhus Outdoor Mobile Energy Storage Power Plant in Denmark

[EU's largest geothermal plant to be built in Denmark](#)

Dec 12, 2023 · EU's largest geothermal plant to be built in Denmark The geothermal based heating company Innargi, established by A.P. Moller Holding, has entered a 30-year ...

[Aarhus Denmark complete mobile energy storage power ...](#)

The Port of Aarhus, which is Denmark's largest business port, and the local energy company, NRGi, will in future work together on incorporating sustainable solutions within the port - ...

[Denmark's largest battery](#)

Apr 29, 2021 · The plant will be the largest electricity storage facility in Denmark, with a capacity of 10 MWh. Grant and Award Announcement ...

Innargi to Deliver Target Geothermal Heating Capacity in Aarhus

Jun 2, 2025 · Innargi, a geothermal developer, has revised its plan to deliver 110 megawatts of geothermal heating to Aarhus, Denmark, using three locations instead of the originally planned ...

[Aarhus Photovoltaic Energy Storage Project in Denmark](#)

The Section for Electrical Energy Technology under the Department of Electrical and Computer Engineering (ECE) at Aarhus University invites applicants for a two-year postdoctoral position, ...

Classification of energy storage batteries in Aarhus Denmark

Can energy storage units be installed in the Danish power system? Elsystemansvar A/S (subsidiary of Energinet) has asked Ea Energy Analyses to analyse the benefits and main ...

[Power plant profile: Aarhus Nord WTE Plant, Denmark](#)

For more details on Aarhus Nord WTE Plant, buy the profile here. About Orsted Orsted AS (Orsted) is a renewable energy company. It develops, constructs and operates offshore and onshore ...

[Denmark's largest battery](#)

May 3, 2021 · The concept of storing renewable energy in stones has come one step closer to realisation with the construction of the GridScale demonstration plant. The plant will be the ...

[Aarhus to host Europe's largest geothermal power plant](#)

Oct 19, 2025 · In Aarhus, on the Jutland peninsula, Denmark, is preparing to build the largest geothermal power plant in the European Union.

[Straw-fired combined heat and power plant ...](#)

Jun 17, 2022 · We tell why. AffaldVarme Aarhus, the municipality-owned energy utility for Aarhus, Denmark's second-largest city, put into operation ...

New rules pave the way for large-scale geothermal plant in Denmark

Mar 3, 2023 · The Danish Parliament passed a new law on 2 March, paving the way for the country's first large-scale ...

Straw-fired combined heat and power plant in Aarhus -- a ...

Jun 17, 2022 · We tell why. AffaldVarme Aarhus, the municipality-owned energy utility for Aarhus, Denmark's second-largest city, put into operation a new 110 MW biomass-fired combined heat ...

Portable Energy Storage in Aarhus Powering Sustainability ...

Summary: Aarhus, Denmark's second-largest city, is embracing portable energy storage solutions to support its green transition. This article explores how these systems cater to outdoor ...

[Project Aarhus, Denmark](#)

Innargi has entered a 30-year agreement to develop and operate EU's largest geothermal heating plant in Aarhus, Denmark.

[Aarhus opens DK's largest geothermal heating plant, DBDH](#)

Nov 4, 2025 · The opening of Denmark's largest geothermal district heating plant in Aarhus marks a new era where the warmth from deep underground will heat city homes - laying the ...

ANDRITZ selected as supplier for large carbon capture plant in Aarhus

Jun 18, 2025 · The utility company Kredsløb has selected international technology group ANDRITZ as the supplier for a large carbon capture plant planned to be built in the Danish city ...

Aarhus solar off-grid energy storage battery pack in Denmark

Large-scale energy storage deployment is a bridging technology for the energy transition to be successful, without it, there will be no power when the By deploying large-scale battery ...

[AARHUS DENMARK PLANS TO BUILD ENERGY STORAGE ...](#)

Construction of a new energy storage project in Aarhus Denmark Danish renewables company European Energy A/S has begun construction of its first large-scale battery energy storage ...
