

After-sales service for Ghana's ultra-large capacity photovoltaic containers

Overview

Who is Suka solar Ghana?

Suka Solar Ghana - Efficient Energy Systems - Greener and Energy Efficient Systems. Leading the Charge in Solar & Renewable Energy Across Ghana & West Africa. We merge global expertise with local insights to deliver cost-effective and sustainable solar energy solutions in Ghana and West Africa.

How long does it take to ship a solar container?

Standard solar container models can be manufactured and ready to ship in as little as 4-6 weeks. Customized configurations can take up to 8-10 weeks, with shipping times varying by destination. Do you offer after-sales support for mobile solar PV containers?

.

What is a solar panels on shipping container?

It not only transports the PV equipment, but can also be deployed on site. It is based on a 10 - 40 foot shipping container. Efficient hydraulics help get the solar panels ready quickly. Due to its construction, our solar panels on shipping container offers unmatched flexibility and maneuverability.

Are solar products available at dealers' warehouses?

Customers who need solar products (solar modules, inverters, batteries, fridges, cables, etc.) very often have little or no information about the current availability of the items which they are looking for at dealers' warehouses and what their best prices are.
