

Baku Smart Photovoltaic Energy Storage Container 600kW Product Quality

Overview

What is energy storage container?

SCU uses standard battery modules, PCS modules, BMS, EMS, and other systems to form standard containers to build large-scale grid-side energy storage projects.

What energy storage container solutions does SCU offer?

SCU provides 500kwh to 2mwh energy storage container solutions. Power up your business with reliable energy solutions. Say goodbye to high energy costs and hello to smarter solutions with us.

What is photovoltaic power station energy storage project in Shandong?

It is one of the first batch of photovoltaic power station energy storage projects in Shandong, equipped with many functions such as peak load shifting, AGV/C dispatching, primary/secondary frequency regulation, etc. It can meet various requirements such as charging by abandoned light, demand side response, and grid side safety.
