Should you buy a solar PV system in Barbados?

One of the biggest, if not the biggest hurdle to further solar PV penetration in Barbados is the upfront cost of a system. When you think about the fact that the cost is essentially the prepayment of 25-30 years worth of electricity it makes sense that the price is “high”. If you could purchase a. Continue reading →.

Who is AC Barbados?

Design, fabrication and installation of concealed & exposed ducting AC Barbados was initially founded as Industrial Electronics Ltd. as an electrical engineering consultancy. Over the years, our focus shifted from engineering to air conditioning contractor. In 2020, we opened AC Barbados as a one-stop air conditioner retailer in Barbados.
