

Boston Solar Air Conditioning

Overview

Who is Boston Solar?

Solar Residential Solar Commercial Solar The Boston Solar Team has delivered customized solar energy solutions to over 6,000 households in New England for the past 13 years. Recently, we have expanded into the commercial market, completing projects for small businesses and even the iconic Fenway Park, home of the Red Sox.

What is a solar air conditioner?

Solar air conditioners are solar-powered air conditioners designed to efficiently and effectively provide cooling to a room. Solar air conditioners use solar panels to power the air conditioner, and solar hotspot energy gives much power to the air conditioner's condenser and refrigerant.

Does Boston Solar install solar?

From financing to design and installation, Boston Solar does it all. Our in-house installers are licensed and certified, meaning you can rest assured that your solar meets the most rigorous standards. Download the Boston Solar complete guide to going solar and get answers to all your questions about solar energy.

Why should you choose Boston Solar for your residential installation?

When you choose Boston Solar for your residential solar installation, you're partnering with local experts who understand the unique challenges and opportunities of solar in Massachusetts. Our custom-designed systems are built to withstand harsh winters and maximize energy production year-round.
