

Brand of energy storage lead-acid batteries in Chiang Mai Thailand

Overview

What is the battery industry like in Thailand?

The Thai battery industry is concentrated, with the top five manufacturers accounting for a majority of market revenue. Leading players such as Siam Furukawa and Siam GS Battery specialise in lead-acid batteries, benefiting from strong relationships with automotive manufacturers.

Which automakers are investing in Thailand's lithium-ion battery production?

Major automakers and battery manufacturers, including BMW, Mercedes-Benz, and SAIC, are investing in Thailand's lithium-ion battery production. These investments, along with supportive government policies, are expected to enhance Thailand's role in the global EV battery supply chain over the next decade.

Which countries produce the most battery in ASEAN?

Battery production in ASEAN has steadily grown over the past five years. Lithium-ion battery output is expanding to meet EV and electronics demand. Vietnam and Indonesia use nickel reserves to attract foreign investment. Lead-acid battery exports from Thailand and Malaysia remain strong.

Who makes lead-acid batteries in Indonesia?

The Indonesian lead-acid battery industry is concentrated, with major players including GS Battery, Yuasa Battery Indonesia, and Trimitra Baterai Prakasa, according to Business Wire. These companies, subsidiaries of Japan's GS Yuasa Corporation, dominate the market with strong local manufacturing and distribution networks.
