

Buy 100W solar street light

Overview

What is anern 100 watt solar street light?

Anern 100W solar street light is an energy-efficient and eco-friendly lighting solution designed for outdoor use. This 100 watt solar street light harnesses solar energy through high-efficiency photovoltaic panels, converting sunlight into electricity to power its high-lumen LED lights.

What is a 100W street light?

Ideal for streets, parking lots, pathways, and public spaces, the 100W street light features a robust design with weather-resistant materials, ensuring durability and long-lasting performance. It typically includes a built-in battery for energy storage, allowing it to provide consistent illumination even during cloudy days or nighttime.

What is a solar powered street light?

LED Lighting Solutions' 15W Solar Powered LED Street Light is a part of the Pro street lighting series. This product comes with an integrated solar panel, bright LED lights, integrated solar rechargeable battery and motion activation sensor, making this an eco-friendly and efficient product.
