

Cheap replacing a breaker for sale Seller

Overview

How much does a circuit breaker panel replacement cost?

On top of circuit breaker panel replacement, here are some other potential upgrades your electrical system may need: Replacing a fuse box with a circuit breaker box (\$1,200-\$4,500): This will cost approximately as much as installing a new electrical panel at \$1,200-\$4,500, depending on size.

Where can I get a replacement breaker?

To get a replacement Bryant Type BRD BR 15-15 CU-AL SWD circuit breaker, find an Electrical Supplier in your area. If you are in a remote location and the nearest supplier is more than an hour away, consider getting a replacement through a local Electrician. Note that Bryant is now replaced with Cutler Hammer products, so a Cutler Hammer/Eaton reseller would be more than happy to help you.

How much does it cost to replace a breaker switch?

The cost to replace a breaker switch for a circuit, including components and installation, can be as much as \$200. Each breaker switch, especially the bigger 20-amp ones, costs between \$10 and \$20. The more common 15-to-20-amp switches typically cost between \$5 and \$15.

How much does a new breaker cost?

However, costs can reach up to \$4,500 when you factor in breaker box replacement, moving your electrical panel, or the expansion of your home's amperage. Hiring a professional electrician will be key to the safety and success of your new breaker, so labor costs will have a strong say in your bottom line.
