

Chile energy storage construction project

Overview

How many MW battery energy storage systems are there in Chile?

The Pampas and Cristales plants each have 340 MW battery energy storage systems (BESS) with long-duration capacity, to go with significant renewable generation. AES Andes, part of US-based energy company AES, has started construction on two major renewable energy and storage projects in Chile's Antofagasta region.

What is CIP's first energy storage project in Chile?

"The project has issued the final notification for its execution and will be one of the first projects of this type to reach commercial operations in Chile," the company said in a statement. The 220 MW/1.1 GWh site is CIP's first energy storage project in Chile.

What is AES Andes doing in Chile?

AES Andes, part of US-based energy company AES, has started construction on two major renewable energy and storage projects in Chile's Antofagasta region. The Pampas and Cristales projects will collectively add 1,325 MW of generation capacity and 2.2 GWh of battery energy storage, backed by a combined investment exceeding \$1.1 billion.

Does DNV support a Bess project in Chile?

In related standalone BESS news, assurance provider and energy expert company DNV has supported renewables developer Atlas Renewable Energy to secure US\$289 million in financing for a standalone 800MWh BESS project in Chile.

Chile energy storage construction project

[CIP starts construction on 1.1GWh standalone BESS in Chile](#)

Oct 8, 2024 · In related standalone BESS Chilean news, DNV provided support to Atlas Renewable Energy's 800MWh project in Antofagasta. Image: Atlas Renewable Energy ...

[Copenhagen Infrastructure Partners takes FID and commences](#)

Oct 7, 2024 · Copenhagen Infrastructure Partners takes FID and commences construction on 1,100 MWh battery energy storage project in Chile Project Arena, a 220 MW / 1,100 MWh ...

Spanish Energy Giant Invests in Chilean Renewable Energy ...

Nov 13, 2025 · Acciona Energía announces construction of a 200MW/1GWh battery energy storage system at the Malgarida photovoltaic complex in Chile's Atacama Desert, set to begin ...

[CIP begins construction of energy storage ...](#)

Oct 7, 2024 · CIP begins construction of an energy storage project in Chile Construction of the system will begin in the first quarter of 2025, with ...

Chile: AES Andes begins construction on co-located energy ...

Aug 7, 2025 · AES Andes, part of US-based energy company AES, has started construction on two major renewable energy and storage projects in Chile's Antofagasta region. The Pampas ...

Generadora Metropolitana Begins Construction of a large-scale Energy

Nov 20, 2025 · In María Elena, Antofagasta Region, Generadora Metropolitana --owned by AME and EDF power solutions Chile-- officially began construction of Dune Plus, one of the largest ...

Chile inaugurates its largest standalone

Apr 29, 2025 · Chile Energy Minister Diego Pardow was present at the inauguration of the 200 MW/800 MWh BESS del Desierto, a project its ...

CIP begins construction of energy storage project in Chile

Oct 7, 2024 · CIP begins construction of an energy storage project in Chile Construction of the system will begin in the first quarter of 2025, with commercial operations expected to begin in ...

Chile Already Halfway to 2 GW Energy Storage Target

Apr 29, 2025 · Chile's energy storage sector is experiencing significant growth, as outlined in the latest "Report on Projects Under Construction and Investment in the Energy Sector" by the ...

Chile inaugurates its largest standalone battery energy storage project

Apr 29, 2025 · Chile Energy Minister Diego Pardow was present at the inauguration of the 200 MW/800 MWh BESS del Desierto, a project its developers describe as the first large-scale ...

Chile: AES Andes begins construction on co-located energy storage

Aug 7, 2025 · AES Andes, part of US-based energy company AES, has started construction on two major renewable energy and storage projects in Chile's Antofagasta region. The Pampas ...

[Chile energy storage: Impressive 2027 Goal Achieved](#)

Oct 26, 2025 · Chile is set to surpass its 2050 energy storage targets in just four years, with projects underway to add 1,800 MW of capacity by 2027. This remarkable acceleration places ...

[CIP building 1.1 GWh standalone battery](#)

...

Oct 9, 2024 · Copenhagen Infrastructure Partners (CIP) has approved a final investment decision and started construction of the Arena battery energy ...

CIP building 1.1 GWh standalone battery storage project in Chile

Oct 9, 2024 · Copenhagen Infrastructure Partners (CIP) has approved a final investment decision and started construction of the Arena battery energy storage system (BESS) project, with the ...
