

Customized 40-foot Folding Container

Overview

What is a 40 footer container?

There is also another type of 40 footer container called the 40 Footer High Cube Container where the dimensions are around the same as the 40 footer container except for its height. It's length is around 40 feet or around 12.192m, width around 2.438m and height around 2.896m (which is taller than the 40 footer container, hence its name high cube).

What is an expandable container house?

The expandable container house is composed of a steel structure and sandwich panels. It includes bedrooms, a living room, dining area/kitchen and bathroom. The house comes equipped with full electrical wiring to many countries' standards, power points and a circuit board.

What is a 3 in1 expandable container house?

On the basis of the original container house, it expands the two sides, increases the space by three times, and is convenient to move and build. So it's also called 3 in1 expandable container house or butterfly container house. Different layout for choose Lounge room: Comfortable living area for your DIY.
