Why do you need a custom power bank Charger?

Our custom power bank chargers are both a practical device for recharging your mobile phone and an effective way to increase brand visibility! By prominently displaying your company logo on branded power banks, your customers will be reminded of your brand every time they use it.

How to promote your brand with custom power banks?

An incredibly effective way to do that is by promoting your brand with custom power banks! At Logotech, we specialize in creating personalized power banks, perfect for any business looking to boost brand visibility and increase customer loyalty. With the rise of electronic devices in the past decade, portable chargers have become a necessity.

What is a good power bank for a mobile phone?

Most power banks are around 2A, which is plenty fast for charging mobile phones. Watts is a measure of the total power output, calculated by multiplying amperage and volts. Power banks can range from 2W-100W. For acceptable charging speeds, you'll want more than 5W; for faster charging speeds, you should look for 10W or higher.
