

Czech solar Glass Factory

Overview

Where is the glass-making industry located in the Czech Republic?

The glass-making industry has developed most noticeably in the Czech Republic's northern area, where there are mountainous regions rich in siliceous sand, wood and other useful raw material.

Who makes Czech glass?

Among the most famous Czech glass producers are: Moser (considered the most luxurious Czech brand), Růžička (the glass from them was owned, for example, by the British Queen Elizabeth II), and Crystalex (the largest Czech producer of drinking glasses, own trademark Bohemia Crystal).

Which float glass is best for solar applications?

Arsenic- and antimony-free extra clear float glass for solar applications. SunMax Premium is exclusively produced in a float glass process. The industrial float glass process adheres to very strict production tolerances and guarantees the lowest possible defect density. Read more about some of our recent selected finished success stories.
