

# **Dublin Backup Power Communication BESS Power Station**

## Overview

---

Will Keppel install battery energy storage in Dublin?

Keppel is seeking to install battery energy storage at its data centers in Dublin, Ireland. The company has filed with the Fingal and South Dublin County Councils to install battery energy storage systems (BESS) at its two facilities in the Irish capital.

How will a Bess power plant benefit the energy grid?

The BESS at the two facilities, which are owned by Keppel DC REIT, will provide additional flexible capacity to the power system, helping to integrate more renewable energy sources into the energy mix, as well as supporting the grid in times peak demand. The BESS will also add 8 MW of capacity to the grid ahead of the winter period.

Who is supplying Bess solutions to Keppel DC Dublin 1 & 2?

GridBeyond will be supplying BESS solutions to Keppel DC Dublin 1 and 2 at City West and Ballycoolin, Ireland.

What does Bess stand for?

The Republic of Ireland's environment minister officially opened a 75MW/150MWh battery energy storage system (BESS) last week.
