

EMS construction of small solar container communication station in Vientiane

Overview

Who is TLS offshore containers / TLS special containers?

TLS Offshore Containers / TLS Special Containers is a global supplier of standard and customised containerised solutions. Wherever you are in the world TLS can help you, please contact us. Regarding the Battery Energy Storage System (BESS) container, please download Energy Storage System (ESS) Containers brochure for reference.

What is EMS communication?

EMS communication refers to the exchange of data and instructions between the Energy Management System and various components within a BESS container. The EMS serves as the central intelligence hub, orchestrating the operation of batteries, inverters, monitoring devices, and other subsystems to achieve optimal performance objectives.

What is a TLS Bess container?

TLS BESS containers feature advanced grid monitoring and control devices that communicate with the EMS, enabling seamless synchronization with grid operations and providing ancillary services such as frequency regulation and voltage support.
