

Factory price circuit breaker in Canberra

Overview

Are circuit breakers safe in Australia?

Yes, all our circuit breakers comply with Australian standards, including AS/NZS 3000:2018, ensuring they meet the necessary safety and performance requirements for electrical installations in Australia. Can I use these circuit breakers in a caravan or RV?

Absolutely.

What does a circuit breaker do?

A circuit breaker is a safety device designed to protect an electrical circuit from damage caused by overcurrent or short circuits. It automatically interrupts the flow of electricity when a fault is detected, preventing potential hazards like fires or equipment damage. Are your circuit breakers compliant with Australian standards?

.
