

Grenada portable power supply manufacturer

Overview

Do I need a power adapter in Grenada?

If your devices are compatible with these specifications, you will not need a power adapter. However, if your devices use a different plug type or are not compatible with the voltage in Grenada, you will need a power adapter and/or a voltage converter/transformer.

Are there electrical outlets in Grenada?

No, the electrical outlets in Grenada are different from those in the United States. In Grenada electrical outlets of type G are used, while the United States has electrical outlets of types A & B. Do I need a travel adapter for Grenada?

The electrical outlets and power plugs in Grenada are of type G (see images).

What voltage is used in Grenada?

In Grenada, power plugs and sockets (outlets) of type G are used. The standard voltage is 230 V at a frequency of 50 Hz. Grenada, often called the "Spice Isle," is a Caribbean island nation known for its lush rainforests, stunning beaches, and rich history.

What plug type is used in Grenada?

It is important to note that while plug type G is the standard in Grenada, some older outlets may still use the older two-pin plug type. The standard voltage in Grenada is 230 volts and the frequency is 50 Hz. This means that electrical appliances designed for use in Grenada will operate at these specifications.
