

# High quality isolator breaker in France

## Overview

---

What is isolator circuit breaker?

Isolator Circuit breaker is used for isolating the load from the source completely. It is an off load manual device. It has slightly less current capacity than circuit breakers. It provides a visual confirmation of an open circuit & a necessary precaution during maintenance. Lightning Arrester / Surge Protector.

Who is Isola composite?

Isola Composite supplies a range of technological solutions based on various technical combinations. In today's market, Isola Composite is one of the world's leading electrical insulation manufacturers. We have acquired extensive experience in the design and manufacture of high-quality electrical insulation.

Why should you choose Isola composite?

Close technical cooperation is the key to our success. There are multiple ways to install effective electrical insulation, each with its own specific use. Isola Composite supplies a range of technological solutions based on various technical combinations.
