

Hmt1800 micro inverter

Overview

Who makes hmt-18000/2250 solar inverter?

Hoymiles Power Electronics Inc. Solar Inverter Series HMT-18000/2250.
Detailed profile including pictures, certification details and manufacturer PDF.

What is hoymiles hmt-2000 series microinverter?

Hoymiles new generation microinverter HMT-2000 series is designed to accommodate the high-powered PV modules, with maximum output power up to 2000 VA and maximum DC input current up to 16 A. The innovative 4-input design enables faster installation and lower cost, and makes HMT-2000 series a very cost-effective choice.

What makes hoymiles hmt-2000 series a good choice?

The innovative 4-input design enables faster installation and lower cost, and makes HMT-2000 series a very cost-effective choice. The new Sub-1G wireless solution enables more stable communication with Hoymiles gateway DTU. Smart platform S-Miles Cloud makes it possible to module-level monitoring and remote O&M.
