How much does it cost to replace iPhone battery?

Using an iFixit kit to replace your iPhone battery yourself can save you \$34 to \$49 compared to Apple's out-of-warranty repair costs, depending on your model. iFixit's battery replacement kits average around \$40, while kits for newer models like the iPhone 15 cost around \$60. ^ Apple's shared estimates as of November 2024.

How much does a battery replacement cost?

For the brave and technically inclined, DIY battery replacement kits range from \$15-\$50 online. These typically include the battery, essential tools, and sometimes basic instructions. While the cost savings are substantial, consider these risks: Voiding your warranty. Compromising water resistance. Risk of damaging other components.

Is a battery replacement worth it?

Replacing the battery is usually worth it if the cost is under 30% of the phone's original price and the device is less than 3 years old and still performs well. Battery replacement is a cost-effective, eco-friendly alternative to buying a new phone, especially when done through trusted services like CellularPort using quality parts.
