

# Huawei Bangladesh Battery Energy Storage Station

## Overview

---

What is Huawei's lithium battery market share in Bangladesh?

In the Asia-Pacific region, Huawei's lithium battery market share is 35 percent, Pan said, adding that Walton is the latest multinational brand in Bangladesh, specializing in electrical, electronics, automobiles, and other appliances. "Now Huawei has reached a strategic cooperation agreement with Walton to produce lithium batteries in Bangladesh.

What will Huawei do in Bangladesh?

They will build an advanced fully automated production line with 80,000 pieces yearly capacity, and manage sales and after-sales services nationwide in Bangladesh. Huawei will provide technical support, design expertise, raw materials, and guidance for manufacturing these lithium batteries.

Why should you buy a lithium battery from Huawei?

Huawei will provide technical support, design expertise, raw materials, and guidance for manufacturing these lithium batteries. Lithium-ion batteries boast nearly 100 percent efficiency, longer lifespans, and require less maintenance. They are also more environmentally friendly when it comes to recycling.

Are low-quality lithium batteries still used in Bangladesh?

However, in the Bangladesh market, low-quality non-intelligent lithium batteries are still widely used. This agreement and upcoming intelligent high-quality battery production will help the telecom industry significantly by saving costs and improving operational efficiency and hazard recovery.
