

Huawei Philippines Cebu Energy Storage Vehicle Equipment

Overview

How many GWh of battery energy storage in the Philippines?

With the latest deal, the Philippines has procured cumulative 6 GWh of battery energy storage systems (BESS) within days. China's Huawei has bagged its biggest BESS order to date and will supply the Meralco Terra Solar Project in the Philippines, which is considered the largest integrated solar and battery storage facility in the world.

Will Huawei provide a 4.5gwh Bess for Meralco Terra solar project?

Huawei has secured a supply agreement to provide a 4.5GWh BESS for the Meralco Terra Solar project in the Philippines.

What is Huawei's largest energy supply agreement?

The BESS supply agreement marks Huawei's largest to date. Construction started on the Meralco Terra Solar solar-plus-storage project in November 2024. The site is claimed to be the world's largest integrated power plant that combines the two technologies.

What auxiliary components will Huawei provide under a Bess deal?

Under the deal announced last week, Huawei will provide its containerized BESS and essential auxiliary components such as fire suppression systems; heating, ventilation, and air conditioning; battery management systems; power conversion systems; and energy management systems.
