

Huawei energy storage device function

Overview

What is Huawei's new data storage concept?

At the 2022 Innovative Data Infrastructure Forum in Munich, Germany, Huawei proposed a new, data-centric, trustworthy storage foundation for diverse applications.

What is energy storage system products list?

Energy Storage System Products List covers all Smart String ESS products, including LUNA2000, STS-6000K, JUPITER-9000K, Management System and other accessories product series.

Why is Huawei partnering with Shelly?

Thanks to the new capabilities offered by the world of home automation technology, intelligent energy management has reached a new level. Thanks to the partnership with Shelly, a well-established player in the home automation sector, Huawei has developed a new solution for energy saving.

What is Huawei Emma & how does it work?

Thanks to the partnership with Shelly, a well-established player in the home automation sector, Huawei has developed a new solution for energy saving. The core of this solution is EMMA, a compact device that integrates metering, communication, and household load management functions.
