

# **Huawei s supporting energy storage cabinet products**

## Overview

---

How does Huawei's one site one cabinet work?

The upgraded site halves electricity fees and cuts O&M costs by 75%, and reduces carbon emissions by eight tons per year. Huawei's One Site One Cabinet solution replaces multiple traditional cabinets with a high-density, compact design, simplifying site management and reducing energy consumption for more sustainable operations.

What is energy storage system products list?

Energy Storage System Products List covers all Smart String ESS products, including LUNA2000, STS-6000K, JUPITER-9000K, Management System and other accessories product series.

Can a battery cabinet be deployed outside a smart module?

Battery cabinets or racks can also be deployed outside smart module A (batteries deployed outside) or smart module B. The front door is a single door, and the rear door is a double one. Shoto batteries are supported.

## Huawei s supporting energy storage cabinet products
