

Kuala Lumpur sells container energy storage

Overview

What is Eve energy storage Malaysia?

The project, led by its local subsidiary Eve Energy Storage Malaysia Sdn Bhd, aims to meet rising global demand and counter risks from ongoing international trade tensions. The new facility, spanning 484,000 square meters, will build on Eve's existing Malaysian operations that began in February 2025.

Why is Malaysia expanding its energy storage facility in Kedah?

This significant expansion of its existing Kulim facility in Kedah state underscores Malaysia's growing strategic importance in the global shift towards sustainable energy and is set to power the regional demand for advanced energy storage solutions.

Will Eve energy build a new battery project in Malaysia?

Eve Energy plans to build a new battery project in Malaysia to further expand its footprint in Southeast Asia. The Chinese battery giant plans to build a project in Malaysia for the production of energy storage batteries, with an investment of no more than RMB 8.65 billion (\$1.2 billion), according to a stock exchange announcement on June 27.

Will Malaysia become a green energy hub in Southeast Asia?

KULIM, Kedah, Malaysia—July 1, 2025 — Malaysia's ambition to become a leading green energy hub in Southeast Asia has received a monumental boost with Chinese battery giant Eve Energy's announcement of a \$1.2 billion investment in a new energy storage battery project.
