

Kuwait City Mobile Generator Station

Overview

How many power generators are there in Kuwait?

With a fleet of around 350 Power Generators; one of the largest in Kuwait, our product line offers a wide range of power; ranging from 13 kVA to 1500 kVA as well as associated fuel tanks up to 30,000 litres capacity. These include open and enclosed generators which offer outstanding value, guaranteeing maximum efficiency and productivity.

Which power stations are located in Kuwait?

The Sabiya West combined-cycle power station accounts for approximately 23% of Kuwait's total electricity demand. The other major gas-fired power station in the country is the 1.5GW Az-Zour North One combined-cycle power plant located approximately 100km south of Kuwait city that was commissioned in December 2016.

What types of generator services are available?

These include open and enclosed generators which offer outstanding value, guaranteeing maximum efficiency and productivity. Ensuring we meet our customer service expectations. We provide a full spectrum of Generator Services that are required in the Oil & Gas field services.
