

Lithuanian rooftop solar panel manufacturer

Overview

Who makes SoliTek solar panels?

SoliTek is privately owned, 100% European Solar Technology company. Most of SoliTek glass-glass solar panels are installed in Switzerland, Italy and Germany. SoliTek produces solar panels using renewable energy - with no CO₂ emission at all. Discover sustainable European manufacturer SoliTek.

Can SoliTek solar modules be installed on a roof?

SoliTek solar modules are so tough that they could be installed not on the roof, but instead of roof (just as roof tiles). Yet, SoliTek doesn't stop here. Their R&D team is always on for new ways to integrate solar energy to improve daily life.

Are SoliTek solar panels sustainable?

SoliTek solar panels are the first and only in the world to have the prestigious Cradle to Cradle gold certification, known as the "Oscar" of sustainability. As a manufacturer of renewable products, SoliTek goes even further. It's a net zero PV company, using exclusively 100% renewable energy in its module manufacturing.

Are SoliTek glass solar panels green?

SoliTek glass solar panels obtained the Cradle to Cradle GOLD certificate in 2023, confirming their status as the "greenest" in the world. SoliTek is an expert in Building integrated solar (PV) solutions (BIPV). We have solar modules ready for integration into the roof, balcony, façade. We are ready to build solar carport and noise barriers.
