

Mauritius Metro Station Uses Foldable Container 200kW

Overview

What is the Metro Express project in Mauritius?

The Metro Express Project has modernised the public transport landscape in Mauritius. The Metro Express provides a reliable, safe and rapid mass transit commute. It is a new, clean and green mode of transport that helps to lower the emission of greenhouse gases.

What is the Mauritius light rapid transit (LRT) project?

The Mauritius Light Rapid Transit (LRT) Project, or the Metro Express, entails the development of a light rail system that seeks to resolve chronic road congestion along the strategic Curepipe to Port Louis transport corridor. Designed as a 26 km-long light rail system, the Metro Express is to comprise 19 stations, including six interchanges.

What is Mauritius Metro Express?

Mauritius' Metro Express is the first investment in train travel in the country since the old train lines were closed in the 1960s.

How many stations are there in Mauritius?

In December 2019, the Government of Mauritius successfully opened seven stations for passenger service in the first of a two-stage operational schedule. When fully operational, the 26-kilometre line will extend from Curepipe to Port Louis and include 19 stations.
