

Myanmar solar container communication station inverter connector factory

Overview

Who is Myanmar Solar power trading?

Myanmar Solar Power Trading Co.,Ltd is established in 2011 and we are one of the leading full-service providers for C & I projects, residential, industrial and large scale solar projects in Myanmar. From a single point of contact, we provide solar PV designs, calculations, consultations, installations and repair and maintenance services as well.

Does Myanmar have solar power?

Well, Myanmar's installed solar capacity stood at 84 Megawatts at the end of 2020. With a solar power probable capacity of 51 Terawatt-hours annually, it has barely scratched the surface of its potential. However, things are looking up for Myanmar's solar prospects if recent developments are anything to go by.

Where can I buy solar equipment in Myanmar?

Several equipment manufacturers and suppliers serve Myanmar's solar market. It is also possible to import locally unavailable solar equipment from established markets like China and the USA. Myanmar boasts several ports that allow you to receive imported solar equipment from any part of the world.

What types of solar inverters are available at Fortis Myanmar Technology?

Explore our diverse range of solar inverters, including Off-Grid, On-Grid, and Hybrid options, featuring renowned brands like Growatt, Solaredge, and Huawei. At Fortis Myanmar Technology, safety is our top priority. Our engineers undergo rigorous training to ensure that each solar installation adheres to the highest safety standards.
