

New Delhi cylindrical solar container lithium battery BESS

Overview

Is indigrid launching a 20MW battery energy storage system in Delhi?

IndiGrid successfully launches 20MW Battery Energy Storage System (BESS) project in Delhi. by Team Small News | Apr 5, 2025 | Energy Storage IndiGrid, a leading infrastructure investment trust in India's power sector, has commissioned its maiden commercial battery energy storage system (BESS) project in Delhi.

Are Bess containers made in India?

BESS Containers by APPL Container are proudly Made in India under the Make in India initiative. These modular, pre-engineered containers are ideal for managing and storing electrical energy efficiently. Designed for seamless deployment across solar, wind, and backup energy systems, they ensure grid reliability and emergency readiness.

What is battery energy storage system (BESS)?

Our Battery Energy Storage System (BESS) is a crucial enabler in this transition. It offers a reliable, scalable, and sustainable foundation for the energy ecosystem of tomorrow. Through this launch, we are proud to support India's journey towards net-zero emissions by 2070 and power possibilities for generations to come."

Is India's first regulated utility-scale battery energy storage system online?

India's first commercial regulated utility-scale battery energy storage system (BESS) is now online. The 20MW/40MWh standalone system, developed by IndiGrid, was commissioned in Delhi on April 4.
