

New Zealand 20v to 220v inverter

Overview

What is a victron & powertrain inverter?

Our Victron & PowerTrain inverter converts battery power (DC) into household electricity (AC). With an Inverter you can run household appliances from your motorhome or caravan house battery. 1000W Pure Sine Wave Inverter. Power Train PT1000WL 250W Pure Sine Wave Inverter. Victron Phoenix VE Direct 250 375W Pure Sine Wave Inverter.

What is a power converter?

A power converter is a device that changes electrical energy from one form to another. It can convert DC to AC, AC to DC, or change voltage levels to suit different applications. This ensures compatibility with various devices and helps maintain efficient and safe power supplies.

What would happen if there were no inverters?

Without inverters, it would be impossible to use DC power with standard AC equipment. They ensure that renewable energy sources and battery systems can effectively supply power to everyday devices.

What is an industrial-grade DC/AC inverter?

Our industrial-grade DC/AC inverters efficiently convert DC to AC, supporting rail, telecom, energy storage, and industrial UPS applications.
