

New solar power inverter

Overview

Who makes solar inverters?

Senergy is a professional solar inverter manufacturer with 20 years of experience in developing and manufacturing a range of solar inverters, including 1-10kW single-phase and 6-100kW three-phase on-grid solar inverters. They also offer energy storage inverters, highlighting their expertise in both residential and commercial solar solutions.

Which solar panel has a microinverter?

The Q.Trón AC module is actually a solar panel with a built-in microinverter. And, since we named it “Rookie of the Year” in our best solar panels for 2025 ranking, it should come as no surprise that we think they’re the best new inverter on the block too. Q Cells is a well-established solar panel manufacturer.

Which solar inverter should I buy in 2025?

Every solar system needs some kind of inverter to convert sunlight into usable electricity. CNET experts have compared the most popular solar inverters' specs, warranties, prices and more. The SolarEdge Home Wave Inverter is our top pick in 2025.

Which solar inverter is best?

CNET experts have compared the most popular solar inverters' specs, warranties, prices and more. The SolarEdge Home Wave Inverter is our top pick in 2025. It was the most efficient inverter we looked at, letting you use a larger percentage of the energy your solar panels generate. This translates to less and more power to use around the house.
