

Oman Square solar container outdoor power

Overview

Does Oman have a solar project?

A 20-year power purchase agreement with state-owned Nama Power and Water Procurement Company (OPWP) is in place. In March 2023, Jinko Power was awarded the contract to develop the Manah II solar project. Oman had deployed 672 MW of solar by the end of 2024, according to figures from the International Renewable Energy Agency (IRENA).

Why is solar energy important for Oman?

Solar energy is a vital and strategic solution for the provision of electric power in the Sultanate of Oman, given its vast unused land and available solar energy resources. This makes Oman an excellent potential candidate for solar energy development and deployment.

Which company has completed construction of 500 MW Oman Manah I solar project?

Shanghai Electric has completed construction of the 500 MW Oman Manah I solar project, the company's first project in the country. Chinese developer Shanghai Electric has finished building the 500 MW Oman Manah I solar project, located in the Ad Dakhiliyah governorate towards the north of the country.

Is Shanghai Electric Building a 500 MW solar project in Oman?

Chinese developer Shanghai Electric has finished building the 500 MW Oman Manah I solar project, located in the Ad Dakhiliyah governorate towards the north of the country. In a statement the company announced the project, its first in Oman, has now completed one month of operations after passing all assessments and final handover.
