

Portable Power LLC

Overview

What is portable electric?

Portable Electric - Clean, silent power anywhere, anytime. Since 2015, our Voltstack ecosystem of mobile equipment chargers and portable battery energy storage systems has offered silent, emission-free and intelligent power solutions for construction, film, and live event applications.

What is Portable Power Technology?

Portable Power Technology (PPT) is a company founded by engineer and entrepreneur Paul Mercer and business angel Barbara Merry. At PPT, we believe that no one should be left in the dark, even if you're off-grid, off-line, or off on your next adventure.

What are portable power solutions?

Portable power solutions are used for outdoor activities such as camping, hiking, or tailgating, as well as for emergency backup power during power outages or natural disasters. They can power a range of devices such as smartphones, laptops, lights, fans, small appliances, cpap machines and even power tools, depending on their capacity.

What is portable power plus?

Portable Power Plus - your go to source for power stations, solar generators, solar panels and more! We provide the best portable power solutions that are renewable, versatile, and environmentally friendly. Find your perfect portable power solution for camping, RV living, tailgating, general home use and emergency backup power.
