

Portable power source factory in Ukraine

Overview

Why should Ukraine send portable electricity generators?

Business and Energy Secretary Kwasi Kwarteng said: Sending portable electricity generators to Ukraine will help keep essential services running, weaken Putin's attempts to cripple Ukraine's power supply, and help support the extraordinarily brave Ukrainian response to the Kremlin's war waging. Foreign Secretary Liz Truss said:.

What is the main source of electricity in Ukraine?

Nuclear power is the most used source for electricity production in Ukraine. In 2021, 55.5 percent of the country's electricity generation was derived from this source. Coal made up the second largest share, at 23.2 percent. Meanwhile, renewable sources accounted for about 14 percent of the power output.

Which brands are available in Ukraine?

According to Hotline, over 10 brands are currently available in Ukraine: Bandera Power (Ukraine), Dzherelo (Ukraine), Bluetti (Germany), Jackery (USA), EcoFlow (China), Xtorm (Netherlands), DEDRA (Poland), Goal Zero (USA), Anker (China), Flashfish (China), WellCharger (China).

What is a portable power station (PPS)?

What is it actually?

In layman's terms, a portable power station (PPS) is a powerful power bank with a capacity of 50,000 to 1 million mAh. Unlike a conventional power bank, the PPS has both USB ports and 220V sockets. That is, you can charge not only smartphones, but also house and computer equipment, routers, flashlights, etc.
