

Portugal Porto dedicated solar container battery

Overview

Who won Portugal's new battery energy storage system tender?

(EUR 1 = USD 1.048) Aquila Clean Energy EMEA, the European renewable energy arm of German investment management firm Aquila Group, announced that it was among the winners in Portugal's latest battery energy storage system (BESS) tender, securing 40 MW across two projects.

How much does a 500 MW energy storage project cost in Portugal?

Earlier this year, the Portuguese government announced the outcome of an energy storage tender that will see the installation of 500 MW of energy storage capacity to support the country's energy transition. According to the provisional results, 43 projects were selected to receive just below EUR 100 million (USD 104.7m). (EUR 1 = USD 1.048).

How many lithium phosphate battery containers can a Sungrow st5015 hold?

The 48 lithium ferro-phosphate (LFP) battery containers, each with a storage capacity of 5,015 kWh, would be Sungrow's ST5015 kWh-2500 kW-2h products. Newcon40 applied to the to Portugal's Directorate-General for Energy and Geology (DGEG) for the 400 megavolt ampere (MVA) solar project in 2019.

Which solar-plus-storage projects are available for public consultation?

The projects listed for public feedback on the government's consultation portal include two solar-plus-storage sites. Two solar-plus-storage projects are among five planned renewable energy sites whose details have been published for public consultation on the Portuguese Environment Agency's Participa portal.
