

Power storage systems factory in Japan

Overview

What is Japan's first energy storage project?

In 2015, we started Japan's first demonstration project covering energy storage connected to the power grid in the Koshikishima, Satsumasendai City, Kagoshima. This project is still operating in a stable manner today. One feature of our grid energy storage system is that it utilizes reused batteries from EVs.

How big is Japan's energy storage capacity?

Global energy storage capacity was estimated to have reached 36,735MW by the end of 2022 and is forecasted to grow to 353,880MW by 2030. Japan had 1,671MW of capacity in 2022 and this is expected to rise to 10,074MW by 2030. Listed below are the five largest energy storage projects by capacity in Japan, according to GlobalData's power database.

What is Japan's energy storage policy?

As policy, technology, and decarbonization goals converge, Japan is positioning energy storage as a critical link between its climate targets and energy reliability. Japan's energy storage policy is anchored by the Ministry of Economy, Trade and Industry (METI), which outlined its ambitions in the 6th Strategic Energy Plan, adopted in 2021.

What is Renova-Himeji battery energy storage system?

The Renova-Himeji Battery Energy Storage System is a 15,000kW lithium-ion battery energy storage project located in Himeji, Hyogo, Japan. The rated storage capacity of the project is 48,000kWh. The electro-chemical battery storage project uses lithium-ion battery storage technology. The project will be commissioned in 2025.

Power storage systems factory in Japan

Made in Japan

PowerX's battery energy storage systems are manufactured at our in-house factory and partner facilities in Tamano City, Okayama Prefecture. These ...

[Top Energy Storage Companies In Japan In 2025](#)

Top Energy Storage Companies In Japan In 2025
Energy storage companies in Japan are focused on developing and implementing advanced energy storage solutions to address the ...

[Matsuyama Battery Energy Storage System, utilizing ...](#)

Aug 6, 2025 · This support helps establish renewable energy as a pillar of Japan's power supply and ensures a stable power supply for the future. Additionally, as a comprehensive energy ...

[ORIX Constructs One of Japan's Largest Energy Storage ...](#)

May 30, 2024 · ORIX entered the energy storage plant business in 2022 and is promoting the development of energy storage plants nationwide in Japan while also collaborating with

...

[Top 17 Battery Storage Companies in Japan ...](#)

Lepton Energy offers an Energy Storage System, highlighting their commitment to providing comprehensive solar solutions. With over 10 ...

[Energy Storage Tech Startups in Japan](#)

Oct 15, 2025 · Energy Storage Tech startups in Japan There are 58 Energy Storage Tech startups in Japan which include Tsubame BHB, PowerX, ...

[Japan Energy Storage Policies and Market Overview](#)

Jun 29, 2025 · Japan's energy storage policies, market statistics, and trends--from METI's strategic plans and subsidy programs to deployment challenges.

Large-scale energy storage business

May 21, 2024 · Interview Key Social Issue , Mitigation of climate change Large-scale energy storage business Providing a platform that stores energy to promote the transition to ...

Top five energy storage projects in Japan

Sep 10, 2024 · The Renova-Himeji Battery Energy Storage System is a 15,000kW lithium-ion battery energy storage project located in Himeji, Hyogo, Japan. The rated storage capacity of ...

Large-scale energy storage business

May 21, 2024 · Interview Key Social Issue , Mitigation of climate change Large-scale energy storage business Providing a platform that stores ...

Made in Japan

PowerX's battery energy storage systems are manufactured at our in-house factory and partner facilities in Tamano City, Okayama Prefecture. These factories operate under a vertically ...

[Energy Storage Tech Startups in Japan](#)

Oct 15, 2025 · Energy Storage Tech startups in Japan There are 58 Energy Storage Tech startups in Japan which include Tsubame BHB, PowerX, GS Yuasa Corporation, ELIY Power, ...

[Musashi Energy Solutions Expand HSC ...](#)

Nov 7, 2024 · Musashi's fast-recharge HSC-based ESS400 Energy Storage Systems are ideally suited for data centers, high-performance Gen AI ...

[Musashi Energy Solutions Expand HSC Production Operations](#)

Nov 7, 2024 · Musashi's fast-recharge HSC-based ESS400 Energy Storage Systems are ideally suited for data centers, high-performance Gen AI computing, and other demanding operations ...

[Top 17 Battery Storage Companies in Japan \(2025\) , ensun](#)

Lepton Energy offers an Energy Storage System, highlighting their commitment to providing comprehensive solar solutions. With over 10 years of experience in solar energy and a strong ...
