

Price quotation of solar glass greenhouse in Brno Czech Republic

Overview

How much does a commercial greenhouse cost?

Generally, you might see typical costs ranging from \$15 to \$35 per square foot. However, more advanced or specialized structures can exceed this range. Here are the average costs for different types of commercial greenhouses, and you can easily calculate the cost of a 10,000 sq ft commercial greenhouse using the calculator below.

How much does a hoop greenhouse cost?

The average greenhouse costs for a hoop greenhouse range from \$5 to \$10 for one square foot. Hoop greenhouses differ in size. They can be small, low, or large enough for someone to walk in. They have excellent ventilation features; snow and water can slide down easily. See Related: [Different Types of Ivy Plants \(+ Examples\) 2](#).

How much does a dome greenhouse cost?

A dome greenhouse is round with a domed peak. Its round shape helps absorb heat and light. It is made using a metal or PVC frame covered with glass or plastic sheeting. One square foot costs between \$10 and \$25 to build. A spacious domed greenhouse provides enough space for plants to grow and people to walk through.

How much does a 50 ft greenhouse cost?

A basic 50 ft greenhouse made of PVC pipe and plastic sheeting can cost around \$500, while a more complex structure made of aluminum framing and tempered glass can cost upwards of \$10,000. It is important to carefully consider the intended use and budget when selecting the type of greenhouse to build.
