

# Ranking of exported solar modules

## Overview

---

Who are the top 20 global photovoltaic module manufacturers?

During the conference, PVBL announced its annual ranking of the top 20 global photovoltaic module manufacturers. In 2024, the global solar module market continued to see the strongest players thrive, with the top four enterprises — JinkoSolar, LONGi, Trina Solar and JA Solar — collectively shipping over 320GW and dominating the industry.

Who makes the most solar modules in the world?

According to InfoLink, the top 10 manufacturers shipped approximately 226 GW of modules in the first half of this year, an increase of 40% year-on-year. Jinko, JA Solar, Trina and Longi have occupied the top four spots since 2019. The four manufacturers account for approximately 63% of the total module volume in this survey.

Who are the top manufacturers of solar modules in China?

Jinko, JA Solar, Trina and Longi have occupied the top four spots since 2019. The four manufacturers account for approximately 63% of the total module volume in this survey. According to Infolink analysis, the production of the largest Chinese manufacturers remained stable for the domestic market.

Who is the best solar module manufacturer in 2024?

Chinese solar manufacturer JinkoSolar ranked as the top solar module manufacturer for 2024 with a score of 90.6 out of 100, after ranking third last year.
