

Replacing a breaker for sale in Brisbane

Overview

Who can replace a faulty circuit breaker in Australia?

Our licensed electricians provide expert circuit breaker replacement and electrical services throughout Australia, ensuring your home is safe and your electrical system meets current safety standards. Contact us today for a professional electrician to assess your electrical needs and replace your faulty circuit breaker.

How much does it cost to replace a circuit breaker?

The cost of replacing a circuit breaker typically ranges from \$115 to \$300, depending on the type of breaker and professional labor required. Basic Single-Pole Circuit Breaker - \$115 - \$150 Specialty Breaker (GFCI/AFCI) - \$200 - \$300.

Do you need an electrician to replace a circuit breaker?

By having a qualified electrician replace old or damaged circuit breakers, you can safeguard your home or business from electrical hazards and prevent fires. Sometimes, circuit breaker issues can become an emergency.

Where can I get a replacement breaker?

To get a replacement Bryant Type BRD BR 15-15 CU-AL SWD circuit breaker, find an Electrical Supplier in your area. If you are in a remote location and the nearest supplier is more than an hour away, consider getting a replacement through a local Electrician. Note that Bryant is now replaced with Cutler Hammer products, so a Cutler Hammer/Eaton reseller would be more than happy to help you.
