

Riyadh Gigawatt Solar Project

Overview

Where will a 2GW solar project be built in Saudi Arabia?

Masdar, the UAE clean energy company, has won a contract with Chinese and South Korean partners to develop a 2GW solar project in Saudi Arabia. The company, along with its partners GD Power of China and the Korea Electric Power Corporation, will build the plant at Al Sadawi, about 500km north of Riyadh in the Eastern Province.

Who is developing Al Sadawi solar project in Saudi Arabia?

The \$1.1 billion Al Sadawi solar project in Saudi Arabia being developed by a consortium of UAE clean energy company Masdar, China's GD Power and Korea Electric Power Corporation (Kepco) has reached financial close.

Who is developing a solar power project in Saudi Arabia?

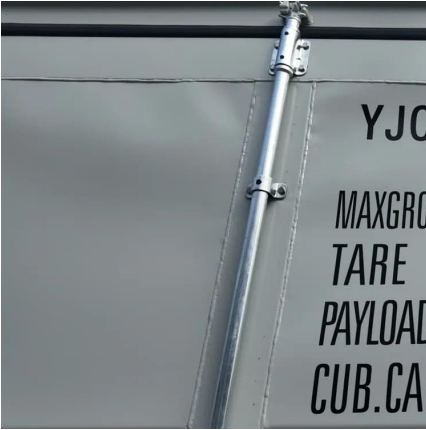

The consortium developing the project includes UAE's Masdar, China's GD Power, and Korea Electric Power Corporation. The project is part of Saudi Arabia's National Renewable Energy Programme, aiming for 40 gigawatts of solar capacity by 2030.

Will Saudi Arabia get 40 gigawatts of solar power by 2030?

The project is part of Saudi Arabia's National Renewable Energy Programme, aiming for 40 gigawatts of solar capacity by 2030. The Al Sadawi plant is expected to begin full-capacity operations in early 2027, marking a significant step in Saudi Arabia's clean energy journey.
