

Single supercapacitor manufacturer in Osaka Japan

Overview

Who makes supercapacitor products?

Supercapacitor products are offered by the company under its Industrial Solutions segment. The company's supercapacitor products are used in automotive, energy, and oil & gas applications. Maxwell Technologies.

Who makes snap-in supercapacitors?

Founded in 1944 and headquartered in Kyoto, Japan, Murata Manufacturing Co., Ltd specializes in electronic components including capacitors, sensors and power supply modules counting among the world's largest component makers with over \$5 billion in revenues. Their lineup of snap-in supercapacitors includes: Supercapacitors for Memory Backup.

What is the global supercapacitor market size?

The global supercapacitor market size is anticipated to grow from USD 472 million in 2022 to USD 912 million by 2027, at a CAGR of 14.1% from 2022 to 2027.

What are supercapacitors & ultracapacitor?

Supercapacitors or ultracapacitors offer unique advantages like ultrafast charging, reliable operation spanning millions of duty cycles alongside wide operating temperatures and collaborative integration with batteries or fuel cells for energy storage applications.
