

Solar Container Exchange Financing Solution

Overview

What is the Solar Exchange program?

The Solar Exchange program is a scheme where participants can exchange \$30 worth of credit on their power bill, obtained from generating excess solar at home, for a slab of VB. Every slab is then delivered straight to a participant's door.

Why should you choose a modular solar power container?

Go big with our modular design for easy additional solar power capacity. Customize your container according to various configurations, power outputs, and storage capacity according to your needs. Lower your environmental impact and achieve sustainability objectives by using clean, renewable solar energy.

Why do you need a solar container?
