

# Solar power system batteries in Azerbaijan

## Overview

---

Will Azerbaijan build the first industrial battery energy storage system?

Azerbaijan is currently conducting the selection of a company for the construction of the first industrial battery energy storage system, Deputy Energy Minister Elnur Soltanov told journalists at the Alley of Honor during the commemoration of National Leader Heydar Aliyev's memory, Trend reports.

What is Azerbaijan's wind and solar potential?

That includes 23,000 megawatts of solar energy, 3,000 megawatts of wind, 3,000 megawatts of biomass burning, and 700 megawatts of geothermal energy. The optimistic estimates for Azerbaijan's wind and solar potential are backed up by the International Renewable Energy Agency (IRENA) in a November report.

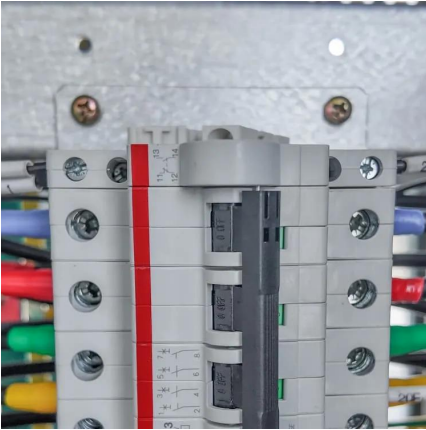

When did Azerbaijan start installing a solar plant?

Azerbaijan began installment of its first major solar plant in 2023. The government of Azerbaijan aims to increase share of renewables in total electricity production to 30% by 2030. To accelerate investments and production in renewable energy, Azerbaijan is offering the following tax incentives :
