

Solar powered fan in Auckland New Zealand

Overview

Where can I buy solar fans in NZ?

From bedroom furniture and home decor items to kitchen, garden and outdoor options, we've got what you're looking for and more. Look through our listings below or check out our home and living-specific categories to find what you're after. Shop solar fans for sale in NZ on Trade Me, New Zealand's largest marketplace.

Why should you choose a solar-powered fan?

The fans feature independent on/off switches for convenient control. Energy-Saving and Cost-Effective: This solar-powered solution eliminates the need for electricity, saving on energy bills and reducing your carbon footprint. Ideal for sustainable living.

Can a fan run on solar power?

The fan will run on solar power when it has sunlight, otherwise it will run on mains power and only run for eight minutes every half hour. To set up night time moisture control you will need the services of a qualified electrician to install a 12V transformer (to be sourced in NZ).
