

Sophia Solar PV Inverter

Overview

What is Sofar 'solar & storage'?

Their innovative 'Solar + Storage' package enhances versatility for both new installations and retrofits. SOFAR is a prominent manufacturer of solar photovoltaic inverters, offering a wide range of products including grid-connected inverters from 1 kW to 255 kW and hybrid inverters from 3 kW to 20 kW.

How many kW can a solar inverter produce?

Its comprehensive portfolio includes PV inverters with a power range from 1 kW to 350 kW, hybrid inverters range from 3 kW to 20 kW, battery storage systems, utility ESS solutions, and smart energy management solutions for residential, commercial & industrial, and utility-scale applications.

What is a Sofar solar PV system?

Designed for rooftop and backyard PV power stations, the system supports modes including full grid connection, excess power grid connection, and self-consumption. SOFAR is a provider of all-scenario solar PV and energy storage solutions and is committed to being the leader of digital energy solutions.

Who makes solar inverters?

Senergy is a professional solar inverter manufacturer with 20 years of experience in developing and manufacturing a range of solar inverters, including 1-10kW single-phase and 6-100kW three-phase on-grid solar inverters. They also offer energy storage inverters, highlighting their expertise in both residential and commercial solar solutions.

Sophia Solar PV Inverter

About SOFAR

SOFAR is a global leading provider of solar PV and energy storage solutions. Its comprehensive portfolio includes PV inverters with a power range from ...
