

Spanish monocrystalline solar panel wholesaler

Overview

Are tamesol solar panels made in Spain?

Product Range and Advantage: Tamesol offers a variety of solar panels made in Spain, ranging from monocrystalline to polycrystalline. Their solar panels are known for high efficiency, durability, and optimal performance even in low light conditions.

What is a monocrystalline solar panel?

A monocrystalline panel is a flat black single solar panel. You can easily identify them by their corner-cut, square-shaped silicon wafers. As the name suggests, these solar panels are built with a single silicon crystal. This crystal is brought into this shape via several steps.

Who makes atersa solar panels?

Location and History: Atersa, based in Valencia, has been involved in the solar industry since 1981, making it one of the most experienced solar panel manufacturers in Spain. **Product Range and Advantage:** Atersa offers a wide range of solar panels, including monocrystalline, polycrystalline, and BIPV panels.

What certifications do solar panels have in Spain?

Another important certification is the IEC 61730 which deals with the safety of the panel. It ensures the solar panel has been tested for mechanical stress and safety from fire hazards. Additionally, Spain also follows the UNE 206007 IN standard specifically for self-consumption photovoltaic systems.
